

# 24<sup>th</sup> Annual Carmen Principato SCHOLARSHIP AWARDS PROGRAM

This year, on Thursday August 25th, Local 506 proudly celebrated enthusiasm, commitment and the sheer hard work of students pursuing post-secondary education. 2016 marked the 24th Annual Scholarship Awards Program intended to assist working families with the increasing cost of education. We were honored to present the awards to our Local 506 families who fulfilled all the requirements the Scholarship Program entails.

Our Independent Committee, consisting of professionals,

dedicated their precious time to bring warmth and happiness to the heart of these students who wouldn't take "No" for an answer. As Chris Grosser once said, "Opportunities don't happen, you create them." The 14 Scholarship winners were rated on their grades, community involvement and extracurricular activities. We thank the Independent Committee for their encouragement, time and support in making this day a memorable one for many.
