

Local 506 Promotes Ongoing Steward Training

Knowledge is Power!

2014 marks another great initiative implemented by your Executive Board. We have re-introduced a 10-week Steward Training Program. This Program was taught by your very own President Roly Bernardini and co-instructed by a seasonal Steward Kalic (Frenchy) Thibodeau. The participants enjoyed the program so much that it was extended to 13 weeks. We would like to thank the following members for successfully completing the first intake.

**Abdoulaye Balde

We are now running our second program with 17 members and look forward to continuing in the years to come. Imagine how much solidarity we can build if all members were training in labour relations and Stewards' roles in the workplace. The goal of the course is to acquaint the participants with the importance of Steward/ Management and Member relations by providing the basic knowledge to transform Collective Agreements from mere pieces of paper into a living protection of the rights of the Members in your workplace.
