

THE GRAND OPENING OF THE LIUNA/TORONTO AZZURRI YOUTH SPORT VILLAGE

For the past 15 years, the Toronto Azzurri Soccer Club has never wavered in its dream of creating a Centre of Excellence for the youth in our Community. Together, with their strategic partner, Sergeant Stephen Hicks of Toronto Police Services Division 31 and his "For Kicks" Program, building sponsors, community supporters and families, they were proud to present this exciting initiative and the beginning of an innovative and vibrant project. On 5,800 sq. ft. of land, they built a Clubhouse. The future now looks bright, providing new youth programs such as activity camps, career counselling, mentoring projects and, via their participation through their Registered Charity, "Toronto Azzurri For Kicks & Arts", they will be introducing Music, Arts and Dance programs.

The Official Opening of the "LiUNA Toronto Azzurri Fieldhouse Soccer Academy & Community Project" took place on Tuesday, April 29th, 2014 which also included the unveiling of the CARMEN PRINCIPATO WAY.

This important event was celebrated with LiUNA Leaders; LiUNA Vice President Joseph Mancinelli; LiUNA OPDC Business Manager Cosmo Mannella; LiUNA Local 506 Business Manager Carmen Principato; and LiUNA Local 183 Business Manager Jack

Oliveira.

We are proud and passionate that, as a collaborative community, we will be able to provide our young people with many positive opportunities to shape their formative years, through proper guidance and stimulating programs in a safe and respectful environment.

The Executive Board, Staff and Members of Local 506 are proud and congratulate Carmen Principato in this very important milestone!
